Promoting the health and well-being of the children of Rhode Island by promoting whole child development through whole community collaboration. Main menu Post navigation Letter of Gratitude When I think of the children who have their own thoughts and ideas, spoken words, and desires to tell me who they are, and the ones that only need a hug or a touch to discover that they are loved, I'm reminded of the children who inspire me to be the best I can be. I'm constantly reminded of the presence of those around me. We all have gifts that we share with the world, gifts that are part of us, yet we so easily forget that we have those gifts. We often forget that we have a vital role in showing the children of this community that they are worthy of love and care, that they matter and are valued. My role is to continue to help make this happen. Ruth, a student at Tivoli Middle School, wrote me a beautiful letter filled with determination, eagerness, and love of learning. Her thoughts reflect the eagerness of children who want to learn, reach for the highest goal possible, and understand the things that surround us. These are characteristics of self worth, hopefulness, determination, and enthusiasm. It shows us how important we are to the wellbeing of our students. This letter touched my heart, and I have a copy of it to share. Dear Ms. Jackson, Dear Ms. D'Amato, I would like to give you a Thank you for our wonderful new Teachers! We are learning lots of new things and I want to thank you for giving me the chance to learn them! I have always wanted to learn! I am a Kindergartner and I am very interested in learning! I love learning and I love learning new things. I would like to say thank you for opening up our new school. I love it. I have never had a school before and I did not know much about this one! I am very excited to come. You are a very nice teacher. Love, Ruth This is exactly the type of feeling that I hope to foster in children. I hope to work toward children that feel valued and valued as an individual. I hope to instill this feeling in them in our classroom and in our school building. I hope that all of our students feel as loved as Ruth does. This letter shows us

### What's New in the Adobe Photoshop 2022 (Version 23.0)?

No comments: About Me Cat-like, but with my own personality. I'm definitely a cat as I like to sleep for long hours in my own bed, cook, read, watch Italian films, and spend a lot of time on the PC. The only treats I like come from my hand (I make them myself). I sometimes leave my phone in the car and it has a full calendar of missed calls, texts and I miss my best friends. I don't know how I got to this point in my life, and I don't really care. I have 2 cats, 5 dogs and an adoring husband and live in North London. I also like to cook and drink a LOT of tea, and I like to be on my own or with people I think are good company. I don't like attention, but if someone is mean to me I will tell you. I love cats and it is my favourite way to spend my time, and I love giving them milk too. Blog Archive About Me I am 28 years old and I can't find a job. I have a cat and 2 dogs. I can cook and bake cakes and biscuits for you. I love plants and I like to grow herbs in my garden. I love animals and I have a particular weakness for cats. I like to write and I love singing. I like to sleep a lot, and do so well. I can do what I like in my spare time and I love being on my own. I am loud at times. I like to go for walks in the park. I am very spontaneous, and I love making plans for the day and the week. I try to do something fun and spontaneous every day, to make sure I still enjoy life at my age. I take care of myself, I buy healthy food and I eat a lot. I am very proud of myself. I love (extra) tall men. My favourite colour is purple. I am not afraid to get dirty, and I love animals, so animals definitely come first in my life. I do not like to be around anyone who is mean to me. In this case, that's absolutely anyone, but I don't think I'm being very nice today. But this is my life, and I like it, so be happy for me. I would very much like to hear from anyone who has had a similar situation to mine and wants to share it with
