thebajiraomastaniinhindipdf In India, in one of the temples found the mummy of a woman who had lain there for about two thousand years. This is reported by the Daily Mail. The mummy was discovered in a museum in the northeast of the country, in the city of Puri. The mummified body of a woman was found in the temple of the Hindu god Shiva. As noted in the museum, the woman was buried with some jewelry and amulets, which, according to experts, belonged to her. The woman's body was remarkably well preserved, with little to no mummification.
