If you have a CD player that you would like reviewed, leave us a comment below! Comments I bought the digital SB-130 and stereo mode works perfectly. I just wish I could change the input source for stereo mode. I don't want to use the optical output; I want to use my rear satellite speakers or the receiver. Wish I had this two years ago. Of course I could have gone the easy route and bought a dac, but the built in headphone amp was a big plus for me. If they make a new version this year that would be a plus. Wish I had this two years ago. Of course I could have gone the easy route and bought a dac, but the built in headphone amp was a big plus for me. If they make a new version this year that would be a plus. I had the new SB-130 and also liked it a lot. However the SB-130 doesn't have a headphone out as long as the SB-350 has and the SB-350 is pretty expensive, so if you're looking to just use the SB-130 with the receiver or with the satellites this is not the solution. Scott, Thanks for the great review, and sorry for the delay in posting! Thank you for mentioning the CD player in the intro. "Carrie" is a big hit in the 1930s and is very simple, but it has a "one hit wonder" status! I wonder if the 30s generation car stereos would have enjoyed a CD player? Thank you for taking the time to read and respond to the review! I will say it took me a few weeks to catch up on everything. The model that was on the top post is an older model from 2008; The newer model has changed quite a bit. It is a lot slicker and more durable. But, also has a bit of extra clutter. Here is an updated photo of the newer model. While I have a diverse collection of CDPs (e79caf774b
