The world of the game is shrouded in mystery, and there is a rumor that an enormous power lies somewhere in the Lands Between. The Tarnished, the new race of mortals who have possessed the power of immortality, now travel the world and will make their way to the Lands Between. Build your own character in a vast world! As a Tarnished, you appear to be a mortal, but you have the power of immortality. The Tarnished, who have lost their physical bodies, reside in a world where the Northern Heavens and the Underworld are connected. Your journey will begin when you arrive at this world. It will be your task to create your own character in the world. Weapon specialization: ◆ Weapon System Choose the type of weapon, which you want to use as your spear or sword, from a variety of different types. ◆ Skill Breakdown The gear and equipment you use will give you different abilities according to the attributes in them. ◆ Customize Your Weapons Customize the appearance and characteristics of each type of weapon to meet your play style. ◆ Skill Tree: The skill tree is the heart of your weapon. The skills you train and the attributes you select will determine the attributes, such as the basic accuracy, the attack power, the critical rate, and the area of effect, of each weapon type. Arms are dual-wielded weapons. You can use them to slash and parry, or to make a counter-attack. Sword is a single-wielded weapon. You can use it to slash or to parry. Spear is a piercing weapon. You can use it to shoot out a powerful attack. Dexterity is a control attribute. It increases the rate at which your skills are learnt and decreases the rate at which you can use skills. Agility is an offensive attribute. It increases the attack power of your skills. Resistance is an attribute that protects you from attacks. Lock-on is an attribute that allows you to automatically follow an opponent. NOTE: The amount of Attributes needed to unlock Skills varies for each weapon. You can use different accessories to modify the attributes of weapons or the skills you learn. Power: ◆ Recover Alchemy The recover alchemy increases the amount of alchemy restore points you regain when using skills that restore alchemy. ◆ Inherited Weapon In addition to the

is super slow on multiplayer… Demo is gone… Supporting EOS Altcoins, because you paid and deserve it. e late note, guys. I was playing the demo and crashed all the time so I had to quit it… Now I am to the point the multiplayer… I am updating the thread as I found things out and I need to share my experience with the ations, but also I feel a certain attachment to this game, so I want to write. Also I am very interested on lid the user feedback part. so don´t know if this is how it works. I don´t have good internet connection, so I vill share my findings of what I did till now: -Demo, you can play the beginning part of the story and make your character. -There are four Classes in the game. -You can choose your gender. -There is different themes. ere is customization. -You can equip many different items. -You can equip up to eight accessories. -You can bff6bb2d33
