Reception The Allmusic review by Thom Jurek awarded the album 4 stars and states "The New York Rock and Roll Ensemble is one of the definitive hard rock outfits of our times, and Field of 16 is a statement album filled with a lot of cool and coolly rendered music. It's also one of the most expressive record covers the band has ever done... An Ensemble record that is, regardless of how smart or not smart one thinks the subject matter is, something that everyone should have. There's a lot to dig into here, some music that is going to be reflected in how many favorite bands, of all kinds, there are. So if you're going to go, it has to be an Ensemble record. Make that reservation today and get on it".
