ObjectDock Mac. ObjectDock is the only dock that perfectly..I am certainly not interested in a state whose laws are so low that every employer has the opportunity to pursue criminal punishment against his employees. Certainly a good employer, who doesn't want to have a theft problem, would never do that. But I am also not interested in subjecting myself to the State. If the State gives me the opportunity, I will take it and say "Thank You". I don't think that state should give it to me, but neither should I expect it to be denied to me. However, I don't think that a state should be able to prevent me from, for example, obtaining an auto or hunting license, provided it does not try to pass laws that make it impossible. Why? Because I am free to have those activities. But, if I was not allowed to do those things
