I don't know how long I slept, but apparently I dozed off after all, because I had a dream. I lay in bed, and someone looked after me. I was washed and wiped, and I fell asleep again. Then someone undressed me and I slept again. Then someone massaged me again until I woke up. I was alone. I sat up in bed, trying to figure out who was watching me while I slept. My mum? No, she wouldn't leave me like that. I could hear her walking around the house.
